

Marcy Matties

- I either fly out of Waco (and through DFW), or out of Austin
- If I fly out of Waco the ticket is more expensive than flying out of DFW, but the overall cost is cheaper than the mileage and parking fees on top of the DFW ticket price - so that's why I fly out of Waco
- If I fly out of Austin there are parking fees and a minimal amount of mileage
- I prefer not to drive a rental car, but I can if I need to. The car must have rental insurance to be paid for by the club
- I have no special dietary needs other than the fact that I'm a meat & potatoes/junk food eater who can live on hamburgers for several days
