Run Orders and Scores

The event will be using the NADAC Run Order App and Scoring system. You will be able to view the run orders for both the Pre-Trial and Main event through this app, as well as TV screens that will be available on site.

Run orders will also be posted online closer to the event, please check these for any run conflicts that will need to be addressed before the event.

The app will also show all of the scores from the event, there will be no posted scores.

Information on downloading the app and using it will be available closer to the event.

Side Runs –

Side runs will be offered during the event, there will not be levels offered for side runs. Classes offered will be at the Open/Elite level and points earned will be added to your points history as Elite. Points earned in Elite are “banked” if you have not yet earned your Novice/Open title, or you can request to have your points moved to a lower level after November 15th. Information about Side Runs will be posted to the NADAC Website and group when it is available.

Second Chance Entries

Second Chance entries will be offered for both Elite and Pre-Elite at this years Championships. *(This includes the sub-divisions such as Vet, Junior, etc.)*

Second Chance is offered to those that did not quite meet the qualifications for this years event. Entries will be taken on a scale based on points earned until the event fills, or the closing date is reached.

For example:

If you and your dog earned 80 Points in Elite Regular and Elite Chances combined, but did not earn the required 100 to enter the event, you can enter through Second Chance.

But if the event fills, and a dog who has fully qualified for the event, or has earned more points toward their qualifications, such as 90 points in Elite Regular and Chances combined. Their entry will be put before yours.

Second Chance entries can be submitted through the main entry form on the NADAC Championships page, and they may be submitted at any time before entries close Aug 15th.

Everyone entered in the event has their points checked by the NADAC staff, you will be notified if the event has filled and your Second Chance entry did not make it into the event.

Team Entries

Team entries are \$30 per dog, we are requiring payment up front for all dogs at one time. So when filling out this form you will be charged \$90 for the entire team.

The team event for this year will consist of cumulative scores from rounds 1 through 5, with a relay round occurring on Sunday Morning which will count for 50% of the teams score for the week.

Important Note

Teams can have one dog who is from a different division in order to fill the team.

But at least two members of the team must be from the same division, and that is the division you will be scored into.

For example you can have two dogs from the Standard division, and one dog from the Veteran division.

You can also bring in a dog from the Pre-Elite ring, or the Super Stakes division. It's worth noting that Bonus points from the Stakes divisions do NOT get added to your score, only the run points they earned via time and hopefully no faults!

Please see the Info Sheet for information on Team scoring:
